Exchange, curiosity, fun, gratitude, harmony, solidarity, attention, well being...

Natural agriculture, willing unpaid help, support, diversity, knowledge, home grown...

Adhering rigorously to the insurance's stipulations regarding tools, when in doubt seek advice
Avoiding danger by using common sense, being careful

WWOOFER HOST

WWOOFER HOST

good food

Sharing meal times with warmth and generosity

WWOOFER HOST

WWOOFER HOST

free time!

Organising a perfect balance between activities and time off
Using the opportunity of exchange to discover new places

WWOOFER HOST

WWOOFER HOST

but not...

Exploitation, obligation, opportunism, indifference...
Selfishness, gossip, laziness, disapproval, misuse...

Free labour
Work in exchange for food and lodging

Strict working hours with an eye always on the clock
No consideration for the host's routine

A simplistic concern just to provide protection for working with dangerous tools
Risk taking. Ignoring the stipulations of the insurance

Cooking separately, others look after themselves
Expecting to eat as at home

Because there is too much to do, no time for others
Having a holiday for free
